10" and 12" vinyl labels

diameter: 7,3mm

diameter: 100mm

diameter incl. bleed: 106mm
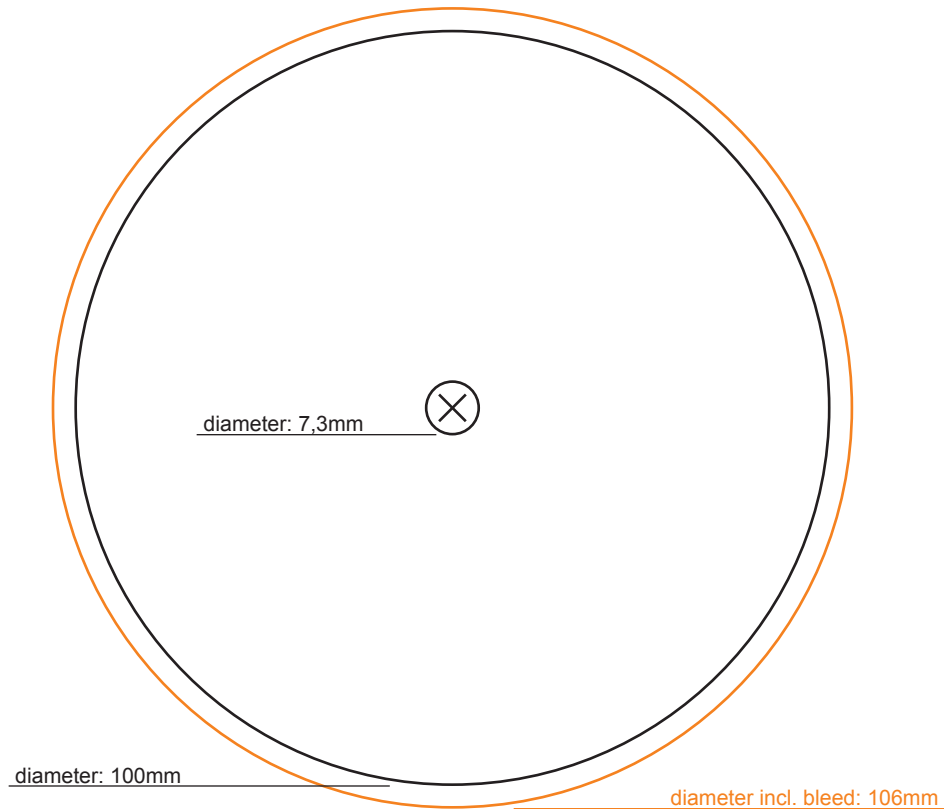

please note this:
- all pictures should have 300 DPI in the end size
-create coloured documents in cmyk and black and white documents in greyscale.
RGB-coloures can't be printed
- please take note of the 3mm bleed
- text under 5 points may clog
- please create a little cross in the middle points of the labels but do not
omit a circle with 7,3mm. This size only shows you how big the hole will be.
